HOW TO USE THE GIFT CARD

1

Choose a piece at dzan.lt. Each one is sewn after the order, in the size you pick.

2

Enter the card code in the cart. Scan the QR code and the card is applied by itself.

3

The card pays for the clothes and the delivery. What is left comes to you as a new code by e-mail.

The card is valid until the date printed on it and works together with discount codes. If the order costs more than the card, you pay the difference as usual.
